& COLOR WORKS
BALTIMORE, MD. U.S.A.

GREEN YELLOW BLUE VERMILION

PICRE MINERAL PAINTS

READY FOR USE.

Inside and Outside White, Black, and the beautiful Tints shown
on the face of this Card.

Are made of good materials, combined in such a
manner as to produce the very
best results possible.

They are not affected by changes of temperature,
will not crack, peel, flake nor chalk.

Work freely from the brush,
forming a water-proof
and durable surface.

The quantity required varies according to the con-
dition of the surface but usually it takes
about one gallon to 200 square
feet, two coats.

To ascertain the amount necessary for a building, add together
the four sides, multiply by the height and divide by 200—this gives
the number of gallons for two coats.

PRICES:

<i>Green, Yellow, Blue, in Gallon Cans,</i>	- - -	<i>\$2.50</i>
<i>Vermilion,</i>	" " " - - -	<i>3.00</i>
<i>All other Colors,</i>	" " " - - -	<i>1.50</i>
